

SHARE Talks Kraków 2019

A visionary approach to the Future of Architecture!

SHARE TALKS Kraków 2019, with the theme "The future of Architecture", will take place on the **22nd of October** at the **Manggha Museum of Japanese Art and Technology, Kraków**. This edition is a closeup of the way architecture is evolving, and it brings lectures from an international panel of speakers. The event is organized alongside **The Faculty of Architecture and Fine Arts, Andrzej Frycz Modrzewski Krakow University**, with the support of **IARP Kraków, SARP Kraków, IARP Katowice and SARP Katowice**.

Part of SHARE Architects 2019 European program, SHARE TALKS Kraków 2019 will feature lectures from international speakers followed by debates on the theme "The Future of Architecture". The event will also host the launch of the book "**Designing the profile of the future architect**".

International Guest Speakers at SHARE Talks Kraków 2019

Anouk LEGENDRE, Partner XTU France

Located in Paris, France, XTU specializes primarily in academic and environmental research in addition to residential and cultural buildings.

The portfolio of the firm displays several museum projects beginning with the Jeongkok Museum in South Korea followed by the Museum of Civilizations on Reunion Island and the Cite du Vin museum in Bordeaux. The firm was also responsible for the French Pavilion at the Milan Expo in 2015. In these projects, XTU explores complex geometries with the integration of parametric design. A free and organic approach encourages the use of a wooden structure synchronized in 3D.

Davide MACULLO, Founder Davide Macullo Architects –Switzerland

For 20 years Davide Macullo was project architect in the atelier of Mario Botta with responsibility for over 200 international projects worldwide. He opened his own atelier in 2000. The work of the Studio has received awards, been published and exhibited widely both at home and abroad; in Switzerland, Italy, France, Greece, Germany, Austria, Hungary, Slovenia, Turkey, Russia, China, Korea, Australia, Argentina, Ireland, UK and in the US and has just published

SWISSMADEINITALY, which focuses on eight of its residential projects in Ticino. Davide has also lectured on the work of the Studio at the Architektursalon in Munich, CAFA Beijing, Seoul National University, IUAV Venice, Florence Kent University, the International Convention of Architecture in Budapest and at the China Building Decoration Association.

Gideon MAASLAND, Director of MVRDV, The Netherlands

He leads MVRDV's department for large scale, complex buildings in the Netherlands and abroad. As a Director, Maasland oversees all the projects in his Studio. With his hands-on work method, he is directly involved in the construction of multiple projects, making sure that the expectations for design are maintained until the building is complete. Currently, he coordinates different Dutch projects: the construction of Valley, a 75.000 m2 multifunctional building in the business district of Amsterdam, the construction of two Grotius towers, a 61.800 m2 residential project in the Hague, and the transformation of Jaarbeurs in Utrecht, a trade fair of 170.000m2. Besides this, Maasland is working on several projects in Eindhoven, Poland and the UK.

Dean LAH, Co-founder of Enota – Slovenia

Enota's team of architects focuses on research-driven design of the environment where the study of contemporary social organizations and the use of new technologies are interwoven to produce innovative and effective solutions. Enota's solutions are strongly influenced by research, reinterpretation and development of social, organizational and design algorithms that derive from nature. The result is always a strong binding of the buildings with the environment that surrounds them. Recently, the Studio received the European Union Prize for Contemporary Architecture Mies van der Rohe Award - nomination / Barcelona, Spain, 2019 (Termalija Family Wellness) / Archilovers Best.

Book Launch "Designing the profile of the future architect" - a collection of thoughts, interviews and manifestoes on architecture
